

# Kilkenny Hunt Pony Club

The Kilkenny Hunt Branch of The Irish Pony Club Child Safeguarding Statement

In accordance with Section 11 (1) of the Children First Act 2015, we have prepared the following written assessment of the potential risk of harm to a child while availing of the activities provided by the Irish Pony Club.

The Irish Pony Club has approximately 3,000 members, aged from 5 to 25 years, the majority of whom are under 18 years of age. At present, there are 56 Branches within the twenty-six counties.

A District Commissioner (DC) is responsible for the running of each Branch with the help and support of about 10 volunteers.

Each Branch has a Children's Officer, a Safety Officer, a Secretary and a Treasurer. The DC is also the Designated Liaison Person.

Each Branch of the Irish Pony Club is likely to use several locations within its geographical area when organising its activities.

Occasionally Branches may arrange an outing which might be either socially or educationally based.

National competitions take place at different venues throughout the country.

There are no permanent premises.

Realistically there could be between six and seven hundred volunteers in the Irish Pony Club.

There are currently four members of staff. They carry out the administrative function from a rented office building.

In the Irish Pony Club, we provide the following services to children and young people:

We offer instruction and coaching in riding and the care of horses to all levels of ability, in a safe and fun way, through our Branches.

The disciplines catered for include Show Jumping, Musical Rides, Tetrathlon, Dressage, Mounted Games, Eventing and Hunter Trials.

Competition, in accordance with current ability, is provided by the Branches for those who wish to take part.

When more experienced, the members may qualify at Area level and then be eligible to take part in our championships.

Successful teams from the disciplines sometimes travel overseas.

We have a wide range of efficiency tests available, which we encourage our members to take, though none of these are mandatory.

For those who plan to go into the equine industry achieving the higher tests allows them access to professional qualifications above the standard entry level.

We believe that:

Our priority, to ensure the welfare and safety of every child and young person who attends our service, is paramount.

Our guiding principles and procedures to safeguard children and young people reflect national policy and legislation and we will review our guiding principles and child safeguarding procedures every two years.

All children and young people have an equal right to attend a service that respects them as individuals and encourages them to reach their potential, regardless of their background.

We are committed to upholding the rights of every child and young person who attends our service, including the rights to be kept safe and protected from harm, listened to and heard.

Our guiding principles apply to everyone in our organisation.

Workers and volunteers must conduct themselves in a way that reflects the principles of our organisation.

In accordance with the requirements of Section 11 (1) of the Children First Act 2015 the risk is of abuse and not general health and safety risk (covered under a separate H&S policy and risk assessment).
